ROE DEER - SPINDLER WILD

Traditional game management with a future

The northern German forests are the natural habitat of roe deer, wild boar, and red and fallow deer. The meat is considered an absolute delicacy, and the family-run Spindler Wild company is the first address for exclusive, regional game with transparent origins. Founded in 1992 by Eberhard Spindler in Hagenow in the Ludwigslust district, it was acquired by the current owner, Ingo Spindler, in 1999 and became EU-certified as a butchering facility in 2004.

✓ Traditional game processing
from Northern Germany

✓ EU-certified

✓ Free from drugs and
hormones
